

# Hire the right talent for your nonprofit faster with **LinkedIn Recruiter**

Tired of waiting for job applicants to come to you? LinkedIn Recruiter makes it easy to tap into the world's largest professional network, so you can source and engage candidates with the skills your nonprofit needs — even if they're not actively looking for a new job.

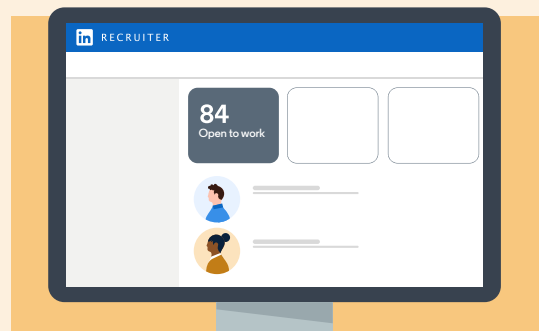

## See what Recruiter can do for your nonprofit

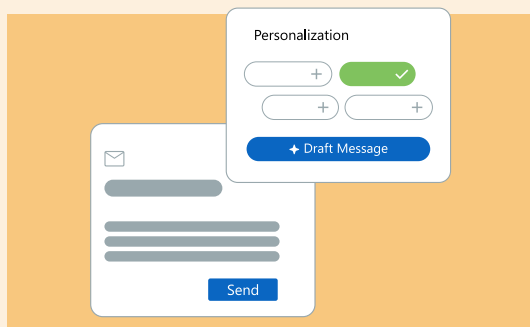

### Find qualified candidates you aren't reaching today

Tap into the entire LinkedIn network — over one billion members — and surface high-potential candidates fast with 40+ advanced search filters, AI-assisted conversational search capabilities, and insights-powered recommendations.

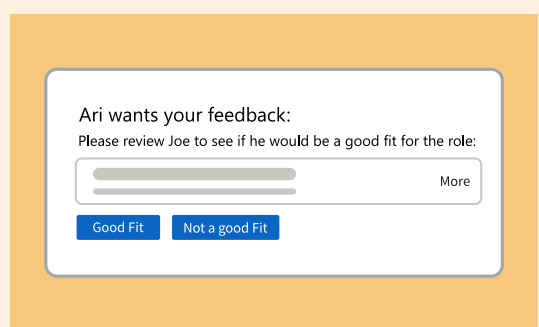

### Prioritize effectively

Quickly identify the candidates who are most likely to respond to your messages with access to the “Open to Work” filter and the ability to prioritize candidates who follow your nonprofit's LinkedIn Page or have expressed interest in working with you.

### Establish authentic connections

Contact any candidate on LinkedIn with 150 InMails (direct messages) per month — and personalize your outreach in seconds with AI-assisted messaging.

### Work smarter, not harder

Boost efficiency across your team — even if they don't have Recruiter seats — with collaboration features that make it easy to share projects, track progress, and avoid duplicating steps.
