- Keywords:** What skills are you looking for? List them in the Keywords (or Title) field to find volunteers with relevant experience.
- Location:** Where do you prefer they work? If you want, you can also find people who work for specific employers. Or target on the industries they work in.
- Company:** Where is the opportunity? Set the region if it's best for the professional to be local. Leave it blank if he or she can work remotely.
- Nonprofit Interests:** What do they want to do? The key thing to search on! See how the professional hopes to donate his or her time and talent in the Nonprofit Interests section.
